Subject: Notice under Section 19 of the Air (Prevention and Control of Pollution) Act, 1981, regarding significant air pollution contribution and its adverse health impacts.

WHEREAS, the Delhi Pollution Control Committee (hereinafter referred to as "the Committee") is constituted under the Water (Prevention and Control of Pollution) Act, 1974, and entrusted with the powers and functions under the Air (Prevention and Control of Pollution) Act, 1981 (hereinafter referred to as "the Air Act"), for the prevention, control, and abatement of air pollution in the National Capital Territory of Delhi;

AND WHEREAS, the Committee has reason to believe, based on comprehensive environmental assessments and data analysis, that the operations and activities conducted by Anand Vihar ISBT & Railway are contributing significantly to air pollution in the local area, thereby adversely affecting public health and the environment;

NOW, THEREFORE, in exercise of the powers conferred upon it by Section 19 of the Air (Prevention and Control of Pollution) Act, 1981, the Committee hereby issues this notice to Anand Vihar ISBT & Railway.

POLLUTION IMPACT SUMMARY

POLLUTION CONTRIBUTION	PEOPLE AT RISK	HARM SCORE
45.2%	13,500	51,396

1. OBSERVATIONS

It has been observed that the operations and activities at Anand Vihar ISBT & Railway are a substantial contributor to the ambient air pollution levels in the Anand Vihar area and its surroundings. Specifically, your establishment has been identified as contributing 45.2% to the local air pollution burden. This significant contribution is a matter of serious concern, leading to a deterioration of air quality and posing risks to public health.

2. EVIDENCE

The observations are substantiated by the following data and findings:

a. Harm Data: Environmental impact assessments indicate a severe impact on the local population and sensitive receptors. The estimated harm score is 51396.0. Approximately 13,500 people are exposed to the adverse effects of this pollution, including 3,000 children and 10,500 patients. The affected zones include critical public health and educational facilities such as:

- Anand Vihar Hospital (population: 5000)
- Yashoda Super Speciality Hospital (population: 3000)
- Vivekanand School Anand Vihar (population: 3000)
- Max Super Speciality Hospital Vaishali (population: 2500)
- Sai Vridhashram Ghaziabad (population: 110)

3. DIRECTIVE

Anand Vihar ISBT & Railway is hereby directed to take immediate and effective measures to prevent, control, and abate the air pollution emanating from its operations. This includes, but is not limited to, implementing stringent emission control technologies, adopting cleaner operational practices, ensuring proper maintenance of vehicles and infrastructure, and exploring alternative energy sources where feasible. You are required to develop and submit a comprehensive action plan detailing the specific steps and timelines for achieving a significant reduction in your contribution to air pollution.

4. COMPLIANCE TIMELINE

- a. **Submission of Action Plan:** A detailed action plan outlining the proposed measures, timelines, and responsible personnel must be submitted to the Delhi Pollution Control Committee within fifteen (15) days from the date of receipt of this notice.
- b. **Implementation of Initial Measures:** The implementation of initial and immediate pollution control measures as outlined in your action plan must commence within thirty (30) days from the date of approval of the action plan by the Committee.

5. CONSEQUENCES OF NON-COMPLIANCE:

Please be advised that failure to comply with the directives contained in this notice within the stipulated timelines shall lead to stringent legal action under the provisions of the Air (Prevention and Control of Pollution) Act, 1981, and other relevant environmental laws. This may include, but is not limited to, prosecution leading to imprisonment for a term which may extend to six years and with fine, closure of operations, and imposition of environmental compensation, without further notice.
